SKILLS

- Frontend: React.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Bootstrap
 - Backend: Node.js, Express.js, REST APIs, JWT Authentication
 - Database: MongoDB, Mongoose
 - Tools & Platforms: Git, GitHub, Postman, VS Code, Netlify, Render, MongoDB Atlas
 - Others: API Integration, CRUD Operations, Responsive Design, Debugging, Testing Basics
-

PROFESSIONAL EXPERIENCE

MERN Stack Developer Intern

February 2025 – Present

- Built full-stack applications using React, Node.js, Express, and MongoDB
- Implemented secure REST APIs with JWT and role-based authentication
- Integrated frontend with backend and handled complete deployment
- Followed best practices in code structure, routing, and error handling

Python Programming Intern
August 2024 – October 2024

- Developed mini Python-based applications simulating real-world use cases
- Practiced debugging and problem-solving across various logic scenarios
- Strengthened Python fundamentals including syntax and data structures

Graphic Designer
March 2022 – July 2023

- Designed digital assets including banners and posters using Adobe Photoshop & Canva
- Maintained brand consistency across all visual content
- Delivered engaging layouts to enhance audience engagement

EDUCATION

Master of Computer Applications (AI)
2023 – 2025 (Pursuing, 3rd Semester)

- Specialization in Artificial Intelligence
- Working on academic and personal full-stack projects using MERN

Bachelor of Science (Computer Science)
2020 – 2023

- Studied core computer science principles and programming fundamentals
 - Active participant in tech fests, seminars, and coding competitions
-

PROJECTS

Portfolio Website (React + Tailwind)

- Built a responsive portfolio with dark/light mode toggle
- Used reusable components for About, Skills, Projects, and Contact sections
- Styled with Tailwind CSS, inspired by DevPortfolio and Leven themes

E-commerce Store

- Created a React-based grocery store with categories like Fruits, Vegetables, and Meals
- Used props and state for dynamic category filtering
- Designed a clean UI with responsive layout

Social Media Dashboard

- Designed a responsive dashboard showing user stats (followers, likes, etc.)
- Implemented dark mode and grid-based layout
- Built with React and Tailwind CSS using dummy data

AWARDS & ACHIEVEMENTS

- Selected for MERN Stack Developer Internship Program (Feb 2025)
- Completed Python Programming Internship (Aug–Oct 2024)
- Earned Web Development Certificate from Apna College (2024)
